

***PC Software Accounting, Inc.***  
*CCR REGISTERED*

**We are a long term provider of general ledger, payroll, and payables software; and as such, we have provided software to many cities and government agencies such as housing authorities and health centers and worked with them for many years.** This software is well suited to government accounting with special capabilities such as an ability to **handle multiple funds** and an ability to provide **sophisticated tracking of actual costs to budget.** The software is easy to use and very efficient. It allows a **complete reconciliation of all bank accounts.** The software is used by many CPA firms and, as such, is **well designed for audit purposes.**

Our support is excellent and we can assist you in showing you how to best use the software for your particular accounting needs. We can also provide custom programming for special requirements that your organization might require. ***Please give us a call at 800-237-9234*** We will be happy to discuss your particular needs. We can also provide an online demonstration of the software if that would be helpful for you and other members of your organization.
